

The screenshot shows the Proteus 9.9 SE SPICE simulation environment. The top toolbar includes icons for File, Edit, Place, View, and Help. Below the toolbar, the 'Design Explorer' pane on the left shows a project named 'SPICE\_MODEL'. The main workspace displays a single line of SPICE code: '6 and (((base near3 body) or (organic near4 polymer)))'. The bottom status bar shows 'SPICE Model' and 'SPICE Model'.
